PRODUCT GUIDE

PACKED WITH OUR LATEST AND
GREATEST TACKLE!

TACKLE & RIG STORAGE

It's no surprise that the vast majority of Europe's most successful carp anglers are incredibly well organised. In a world where there are more carp anglers on the bank than ever before, it's vitally important to be organised and to pay attention to the finer details if you wish to be more successful than your peers.

In the early days of carp fishing, anglers did not have access to dedicated rig and storage devices. Instead, they improvised, or made their own. Our founder, Cliff Fox, quickly recognised the inherent need for purpose-designed storage systems for carp fishing. We've been making market-leading storage systems for several decades now.

New for 2019 are our F Box Magnetic Rig Box Systems. These feature a number of innovations that we firmly believe take rig storage to a whole new level. We retain many of our existing high-end storage products, including the F Box Hook Storage Cases, Zig Discs, and the F Box and Royale Tackle Boxes.

NEW

Rigs not included

F BOX® MAGNETIC DOUBLE RIG BOX SYSTEM – LARGE

- Part of a new innovative, interchangeable rig storage solution
- Comprises 2 x large double-ended rig boards
- High-density EVA foam ensures rig pins stay securely in place
- Profiled hook bars at both ends of each board to stop rigs from sliding and bunching together
- Magnetic hinges allow the two boards to be separated from one another
- Compatible with the F-Box Magnetic Large Rig Box Lids
- Magnets ensure firm closure
- Moulded ruler on outside allows for accurate rig tying
- Supplied with 60 pins

*RRP

CBX080 Large Rig Box System £24.99

F BOX® MAGNETIC DISC & RIG BOX SYSTEM – LARGE

- Part of a new innovative, interchangeable rig storage solution
- Comprises 1 x large double-ended rig board and 1 x large magnetic Chod Disc and boom storage board
- Supplied with 2 x Short Chod Discs and 4 x Standard Chod Discs
- Supplied discs have designated areas on them for users to write the hook size, type and hooklink breaking strain on
- Comes with 6 magnetic disc inserts that are placed into the centre of a Chod Disc to then fix the disc inside the Rig Box
- Anglers can remove the supplied Chod Discs and replace with the Edges Ready Tied Chod Rig discs
- High-density EVA foam on rig board ensures rig pins stay securely in place
- Profiled hook bars at both ends of the rig board stop rigs from sliding and bunching together
- Boom storage features small, moulded hooks for holding one loop or swivel end of boom section – other end then pinned in place on the board
- Magnetic hinges allow the two boards to be separated from one another
- Compatible with the F-Box Magnetic Large Rig Box Lids
- Magnets ensure firm closure
- Moulded ruler on outside allows for accurate rig tying
- Supplied with 60 pins

*RRP

CBX081 Large Disc & Rig Box System £29.99

FEATURES

Magnetic disc inserts to secure the disc in place

Magnetic hinges allow the two boards to be separated from one another

Boom storage on section on the large Disc & Rig Box System

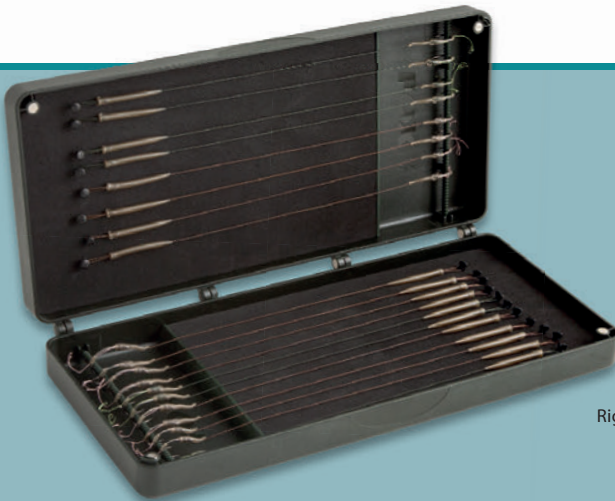

F BOX® MAGNETIC RIG BOX LIDS – LARGE

- Low profile lids that are compatible with the F-Box Magnetic Large Rig Box Systems
- User simply detaches the two halves of either of the Large Rig Box Systems and then attaches the lids to each half via the magnetic hinges
- Helps to create even more compact rig storage
- Magnets ensure firm closure
- Moulded ruler on outside allows for accurate rig tying
- Two lids per pack

*RRP

CBX083 Rig Box System Lids Large x2 £12.99

NEW

Rigs not included

F BOX® MAGNETIC DOUBLE RIG BOX SYSTEM – MEDIUM

- Part of a new innovative, interchangeable rig storage solution
- Comprises 2 x medium rig boards
- High-density EVA foam ensures rig pins stay securely in place
- Profiled hook bars stop rigs from sliding and bunching together
- Magnetic hinges allow the two boards to be separated from one another
- Compatible with the F-Box Magnetic Medium Rig Box Lids
- Magnets ensure firm closure
- Moulded ruler on outside allows for accurate rig tying
- Supplied with 50 pins

CBX078 Medium Rig Box System *RRP
£19.99

F BOX® MAGNETIC DISC & RIG BOX SYSTEM – MEDIUM

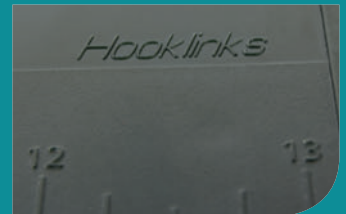

- Part of a new innovative, interchangeable rig storage solution
- Comprises 1 x medium rig board and 1 x medium magnetic Chod disc storage board
- Supplied with 2 x Short Chod Discs and 6 x Standard Chod Discs
- Supplied discs have designated areas on them for users to write the hook size, type and hooklink breaking strain on
- Comes with 10 magnetic disc inserts that are placed into the centre of a Chod Disc to then fix the disc inside the Rig Box
- Anglers can remove the supplied Chod Discs and replace with the Edges Ready Tied Chod Rig discs
- High-density EVA foam on rig board ensures rig pins stay securely in place
- Profiled hook bars on rig board stop rigs from sliding and bunching together
- Magnetic hinges allow the two boards to be separated from one another
- Compatible with the F-Box Magnetic Medium Rig Box Lids
- Magnets ensure firm closure
- Moulded ruler on outside allows for accurate rig tying
- Supplied with 50 pins

CBX079 Medium Disc & Rig Box System *RRP
£24.99

FEATURES

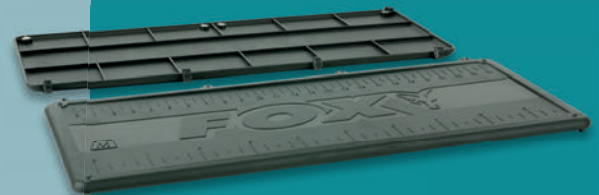

Adding the lid reduces depth considerably

Moulded ruler on outside for accurate rig tying

Profiled hook bars prevent rigs from bunching together

F BOX® MAGNETIC RIG BOX LIDS – MEDIUM

- Low profile lids that are compatible with the F-Box Magnetic Medium Rig Box Systems
- User simply detaches the two halves of either of the Medium Rig Box Systems and then attaches the lids to each half via the magnetic hinges
- Helps to create even more compact rig storage
- Magnets ensure firm closure
- Moulded ruler on outside allows for accurate rig tying
- Two lids per pack

CBX082 Rig Box System Lids Medium x2 *RRP
£10.99

Rigs not included

ZIG DISC

- Purposely designed for Zig Rig storage
- Also ideal for surface fishing hooklinks
- Supplied with five, removable High-density foam discs
- Discs can be removed from the central bar and have a circumference of 1ft (30cm), which makes it very easy to tie the perfect length Zig every time
- Supplied with 20 rig pins which are stored in the handle
- Comes supplied in a handy neoprene zip case that keeps your rigs protected in transit

CAC498 Zig Disc Storage System *RRP £17.99

STEAM AND STORE CHOD/WITHY BIN

- Purposely designed for aiding the tying and storing of Chod and Withy Pool rigs
- Self-contained within a compact and secure screw-topped and tinted green storage tub
- Features three different diameter sections that allow you to select the degree of curve that best suits you
- Simply place your Chod or Withy Pool Rig on your chosen section and then steam it over a boiling kettle to help set the perfect curve
- Rigs can be stored on device until they are needed
- Supplied with 20 specially designed pins that allow you to put stiff rig loops under tension without them losing their shape

CAC377 Steam and Store Chod/Withy Bin *RRP £16.99

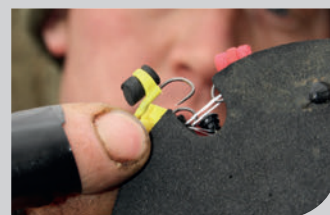

MULTI CHOD & ZIG BIN

- Purposely designed for storage of Chod and Zig Rigs
- Also helps you when tying Chod and Zig Rigs
- Supplied with six discs in total – two of each size
- Largest disc is perfect for storing Zig Rigs, also helps to measure the length as 1 wrap is 1/2ft therefore 2 wraps of the disc = 1ft
- The discs can be removed from the main shaft and further discs are available to purchase separately meaning you can customise the bin to have the sizes of disc you prefer
- Can also be used to help steam the perfect curve in your Chod Rigs too
- Supplied with 18 pins
- Discs also available separately – two discs per packet + 6 pins per packet

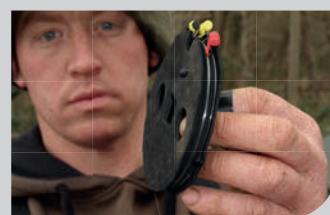

CAC656 Multi Chod and Zig Bin inc. 18 pins *RRP £10.99
 CAC657 Chod Disc Small inc 6 pins x 2 £3.49
 CAC658 Chod Disc Medium inc 6 pins x 2 £3.49
 CAC659 Chod Disc Large inc 6 pins x 2 £3.49

HOW THE ZIG DISC WORKS...

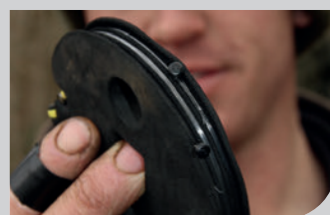

Start by placing your hook into the foam groove on a Zig Disc

Now wind the hooklink around the disc – every wrap is 1ft

When you have your desired length simply cut the hooklink

Tie a figure-of-eight loop in the end and pin the hooklink in place

Hooks not included

F BOX® HOOK STORAGE

- Purpose-designed storage system for keeping your hooks protected and organised
- Moulded rubber insert holds each hook individually to ensure the point cannot be damaged in transit
- Supplied with self-adhesive identification labels that allow you to record pattern and size of hooks inside
- Designed to fit neatly inside F-Box and Royale tackle boxes
- Will accommodate hooks from size 2-10
- Two sizes available:
Large (holds 18 hooks) and XL (holds 29 hooks)
- Two boxes per pack

		*RRP
CBX075	Hook Storage Cases Large x2	£6.99
CBX076	Hook Storage Cases XL x2	£7.99

FEATURES

Handy self-adhesive labels for easy identification

Moulded rubber insert holds hooks individually

ROYALE® SYSTEM BOX

- Perfect for storing your rig and accessory items
- Removable dividers allow you to change size of compartments
- Medium supplied with: 4 Compartment Box, 2 Compartment Box, 4 x Flip Top 4 Compartment Box, Rig Board and Spool Dispenser
- Large supplied with: 8 Compartment Box, 2 Compartment Box, 4 Compartment Box x2, Flip Top 4 Compartment Box x4, Rig Board, Spool Dispenser x2

F BOX® & DELUXE F BOX

The ultimate in ready-made storage solutions F Box Deluxe boxes are supplied with a variety of different F Boxes and spool dispensers so you have a comprehensive storage system to accommodate all of your tackle items.

The whole range is also totally integrated with our highly popular R Series, Camolite and Voyager luggage ranges so you can be sure you'll find the perfect pocket to put them in to get them safely to your swim too. F Boxes include all of the same features as the F Box Deluxe, but are supplied without additional storage boxes so you can tailor storage to your own individual requirements.

ACCESSORIES

The Fox range of accessories is as comprehensive as any you're likely to find on the market. No stone's been left unturned by our product development team who've worked tirelessly, to not only ensure the range is far reaching, but also the best available to help our loyal customers catch as many fish as possible. We are fortunate in having a very large product development team spread across Europe. This allows us to design products not just for the UK market, but also to be able to produce a range that caters for all styles of carp fishing across the globe.

Since its launch, the Edges range of terminal tackle has taken the world by storm and has helped anglers of all abilities become more successful. The range has grown year on year and 2019 is no different, with several additions, including the new Fused Fluorocarbon leaders, a whole new range of Camo Submerge lead-free leader products and an extensive PVA range to name but a few.

As well as the Edges range, you'll also find a number of other accessories, such as leads, floats (Zigs, H-Block and Marker) and baiting tools - we've included a number of new baiting spoon designs in our detailed baiting tool range.

CURVE SHORT RIGS

- Constructed from Edges Coretex Matt coated braid with loop in end for use with quick change swivels
- Featuring Edges Curve Short hooks
- Breaking strain matches hook size: 15lb (6.8kg) with size 8 hook, 20lb (9.07kg) in size 6 and 25lb (11.3kg) for size 4 and 2

- Available in two lengths: 75cm and 115cm

CAC719	30lb 75cm Multi Purpose
CAC720	30lb 115cm Multi Purpose

EDGES® CURVE SHANK

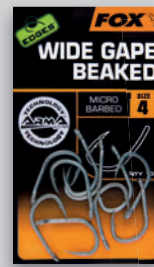

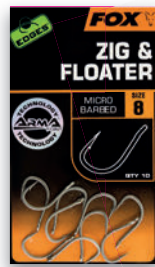

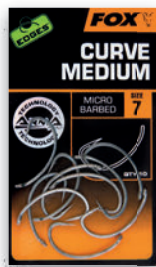

- Improved version of the original Arma Point SSC design
- Especially suited to bottom-bait and wafter presentations
- Needle-sharp straight point
- Inturned eye
- Aggressive curved shank helps the hook to turn and grab hold in the fish's mouth
- Barbed sizes available: 2, 4, 5, 6, 7 & 8
- Barbless size available: 6 & 8

EDGES® CURVE SHORT

- Improved version of the original Arma Point XSC design
- Perfect for both bottom-bait and pop-up presentations
- Needle-sharp straight point
- Straight eye
- Short, sweeping shank
- Only available in Barbed
- Sizes available: 2, 4, 5, 6, 7 & 8

HOOK FEATURES

- ✓ Utilizes Arma Point technology
- ✓ Super-strong yet lightweight XC80 Vanadium forged steel construction
- ✓ Non-reflective dark coating
- ✓ 10 hooks per packet

EDGES® CURVE MEDIUM

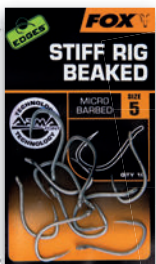

- Perfect for both bottom-bait and pop-up presentations
- Ideally suited for the popular 360 Rig presentation
- Needle-sharp straight point
- Inturned eye
- Aggressive medium-length curved shank helps the hook to turn and grab hold in the fish's mouth
- Barbed sizes available: 2, 4, 5, 6, 7 & 8
- Barbless size available: 6 & 8

EDGES® ZIG & FLOATER

- Designed specifically for use on Zig and surface rigs
- Also suited to bottom-bait stiff-rig presentations when scaling down is required
- Needle-sharp straight point
- Slightly outturned eye for use with monofilament hooklinks
- Finer wire gage compared to other Edges hooks for the delicate presentations
- Barbed sizes available: 6, 8 & 10
- Barbless size available: 6, 8 & 10

EDGES® WIDE GAPE BEAKED

- Improved version of the original Arma Point SSBP design
- Perfect for both bottom-bait and pop-up presentations
- Needle-sharp beaked point
- Beaked point makes hook perfect for bottom-bait fishing on hard gravel lakebeds
- 10 degree inturned eye
- Barbed sizes available: 2, 4, 5, 6, 7 & 8
- Barbless size available: 6 & 8

EDGES® STIFF-RIG BEAKED

- Improved version of the original Arma Point SR design
- Perfect for pop-up presentations such as Chod, Hinged Stiff and Multi rigs
- Also suited to bottom-bait stiff-rig presentations
- Needle-sharp beaked point
- 25 degree outturned eye for use with super-stiff mono such as Edges Rigidty
- Large eye allows 30lb Rigidity to pass through three times if attaching with knotless knot
- Barbed sizes available: 2, 4, 5, 6, 7 & 8
- Barbless size available: 6

EDGES® STIFF-RIG STRAIGHT

- Designed to meet the demands of anglers that prefer straight pointed hooks
- Perfect for pop-up presentations such as Chod, Hinged Stiff and Multi rigs
- Also suited to bottom-bait stiff-rig presentations
- Needle-sharp straight point
- 25 degree outturned eye for use with super-stiff mono such as Edges Rigidty
- Large eye allows 30lb Rigidity to pass through three times if attaching with knotless knot
- Barbed sizes available: 2, 4, 5, 6, 7 & 8
- Barbless size available: 6 & 8

EDGES® WIDE GAPE STRAIGHT

- Perfect for both bottom-bait and pop-up presentations
- Long, needle-sharp straight point
- Aggressive 25 degree inturned eye
- Barbed sizes available: 2, 4, 5, 6, 7 & 8
- Barbless size available: 6 & 8

CORETEX™ MATT

- Based on original Coretex but with an improved matt coating to reduce glare in water
- Perfect for a wide variety of rig presentations
- Semi-stiff coating aids anti-tangle properties and allows for combi rig presentations to be created
- Easy-to-strip outer coating
- Available in Weedy Green and Gravelly Brown
- Breaking strains: 15lb (6.8kg), 20lb (9kg), 25lb (11.3kg) and 35lb (15.8kg)
- 20m on a spool

CAMOTEX™ SOFT

- Ultra-soft, coated braid perfect for bottom-bait and pop-up rigs
- Could be mistaken for a normal, uncoated braid such is its softness
- Coating and inner braid features colour-break camouflage pattern
- Easy-to-strip outer coating
- Available in two colour options: Light Camo and Dark Camo
- Breaking strains: 15lb (6.8kg), 20lb (9kg), and 25lb (11.3kg)
- 20m on a spool

CORETEX™ TUNGSTEN

- Features unique tungsten-impregnated outer coating
- Soft, supple, sinking-braid inner
- Tungsten coating helps to pin hooklink to lakebed
- Coating is strippable for creation of combi rigs
- Two-tone colouring for camouflage
- Available in 20lb and 35lb breaking strains
- 20m per spool

CAMOTEX™ SEMI-STIFF

- Semi-stiff coating that sits in between the Camotex Stiff and Camotex Soft
- Perfect for bottom-bait and pop-up rigs
- Coating and inner braid both feature colour break camouflage pattern
- We recommend you remove outer coating before tying a knot in this material as it is so stiff the coating could break when knotting
- Steams very straight
- Has great anti-tangle properties
- Easy to strip outer coating
- Available in two colour options: Light Camo and Dark Camo
- Breaking strains: 15lb (6.8kg), 20lb (9kg), 25lb (11.3kg) and new 35lb (15.8kg)
- 20m on a spool

CAMOTEX™ STIFF

- Ultra-stiff coated braid that is perfect for bottom-bait and pop-up rigs
- Coating and inner braid both feature colour break camouflage pattern
- We recommend you remove outer coating before tying a knot in this material as it is so stiff the coating could break when knotting
- Has great anti-tangle properties
- Steams very straight making it great for stiff-rigs and boom sections on Hinged Stiff-rig
- Easy to strip outer coating
- Available in two colour options: Light Camo and Dark Camo
- Breaking strains: 15lb (6.8kg), 20lb(9kg), and 25lb (11.3kg)
- 20m on a spool

CAMO-SPLICE

- Spliceable braided hooklink
- Very supple and dense allowing it to pin to the lakebed
- Camouflage colour
- Ideal for creating multi-rigs and splicing hooks/swivels directly onto the hooklink, keeping them clear, neat and tidy without knots
- We recommend using the Easy-Splice Needle with this material
- Available in 50lb breaking strain
- 20m per spool

REFLEX™ CAMO

- Designed to be better than any other braided hooklinks currently available
- Features colour-break camouflage pattern
- Very supple braided hooklink material that is ideal for use in Rapide PVA bags
- Sinks without need for putty
- Available in two colour options – Light Camo and Dark Camo
- Breaking strains available are 15lb (6.8kg), 25lb (11.3kg) and 35lb (15.8kg)
- 20m per spool

RIGIDITY® TRANS KHAKI

- Improved version of the original Rigidity
- Features Trans Khaki camouflage for low visibility
- Stiffest Chod filament we have ever seen
- Perfect for Chod and Hinged Stiff-rigs
- Stiff nature makes it very hard for a carp to eject once it has been sucked in
- Whipping knot needs to be used with 30lb version
- Available in two breaking strains 25lb (11.3kg) and 30lb (13.6kg)
- Supplied on 30m spools!

ILLUSION® TRANS KHAKI SOFT HOOKLINK

- Improved Illusion hooklink that features our revolutionary Trans Khaki camouflage
- Perfect for gin-clear venues
- The most invisible hooklink Rob Hughes has ever dived over
- Fast sinking and supple
- High abrasion resistance and low stretch
- Great knot strength
- Perfect for a whole host of rig presentations
- Supplied on 50m spools
- Available in 12lb (5.45kg) and 15lb (6.8kg)

ZIG + FLOATER HOOKLINK

- Designed specifically for floater fishing and Zig Rig fishing
- Made from a copolymer mono, which gives it an incredibly low diameter so it is very unobtrusive in the water
- Incredibly strong with great abrasion resistance
- Quite possibly the number one choice for most of Europe's best surface and Zig Rig anglers
- Available in 9lb, 12lb and 15lb

ARMADILLO™

- Features colour-break camouflage pattern
- Designed to be used as a braided snag/shockleader
- Great for distance casting or when fishing snaggy venues
- Available in Light Camo or Dark Camo
- New 65lb version available for extreme snag fishing conditions
- Available in either 30lb (13.6kg), 45lb (20.4kg) or 65lb (29.5kg) breaking strains
- 20m per spool

ILLUSION® TRANS KHAKI FLUOROCARBON LEADER

- Features our revolutionary Trans Khaki camouflage
- Perfect leader material for gin clear venues
- Doubles up as effective hooklink material
- The most invisible fluorocarbon Rob Hughes has ever dived over
- Sinks like a brick and is incredibly supple meaning it hugs the contours of the lakebed giving the ultimate in concealed presentation
- High abrasion resistance and low stretch
- Great knot strength
- Supplied on 50m spools
- Available in 20lb (9kg) and 30lb (13.6kg)

CAMO LEADCORE

- Great for concealment and abrasion resistance
- Easy to splice, very supple, very dense and very strong
- Features colour-break camouflage pattern
- Available in two options in Light Camo and Dark Camo
- Available only in 45lb (20.4kg) breaking strain
- Supplied on both 7m and 25m spools

NEW

CAMO SUBMERGE®

- Lead-free leader material that features a unique "Fleck Camo" pattern to blend in perfectly over all lakebeds
- Incredibly subtle and sinks like a brick hugging the contours of the lakebed
- Easy to splice (use the yellow Edges needle for the 40lb and 50lb and the blue Edges needle for the 30lb - alternatively the Edges Easy Splice needle is perfect for all breaking strains)
- Available in 30lb, 40lb and 50lb
- 10m per spool

PVA STRIPS

- Designed for use with Chod/Heli Buffer Sleeve, Heli Buffer Sleeve and Angled Drop Off Run Rig Kit when wanting the lead to eject
- Small PVA strip threading into hole on sleeve and is cut down to size
- Melt time depends on water temperature
- 10 lengths supplied per packet

CPV047 PVA Strips

ANTI-TANGLE TUBING TRANS KHAKI

- Features revolutionary Trans Khaki camouflage
- Perfect for venues where leadcore is banned
- Added protection from abrasion and tangles
- Incredibly fish-friendly
- Supplied in 2m length

CAC564 Anti Tangle Tube 2m

LOADED TUNGSTEN RIG TUBE

- Four times heavier than leadcore
- Very supple so hugs the lakebed very well
- Perfect for venues where leadcore is banned
- Very easy to thread onto your mainline
- Supplied in 2m length

CAC535 Loaded Tungsten Rig Tube

LEADER SILICONE

- Designed for use on Submerge and leadcore leaders for helicopter rigs
- 0.5mm in diameter
- Features Trans Khaki camouflage
- Supplied in 1.5m length

CAC569 0.5mm x1.5m

DROP OFF HELI BUFFER BEADS

- Versatile buffer bead that comprises three main components and is designed for helicopter-style lead set-ups
- Designed to work on both leaders and naked mainline (simply add the tapered insert)
- Use without the tapered insert for lead-free/leadcore leaders
- Features Trans Khaki camouflage
- 6 x Buffer Beads and 6 x T-pegs per pack

CAC690 Drop Off Heli Buffer Beads

HELI BUFFER SLEEVE

- Designed for use with Helicopter Rigs on leaders such as Submerge and leadcore
- Small hole in the side allows you to set it up in a way for the lead to be ejected
- Features Trans Khaki camouflage
- 8 per packet

CAC584 Heli Buffer Sleeves x8

MICRO CHOD BEAD

- Designed to allow anglers to tie a 'fixed' Naked Chod Rig on fluoro or mono mainline
- The bead itself grips the line very strongly but can be moved the distance above the lead you require
- The bottom sleeve, sits over the lead and can be set up in way to eject the lead on a take
- When you hook a fish the bead slides down the line and slots into the top of the sleeve to protect your line during the fight
- Supplied with 6 sleeves and 6 beads per kit

CAC607 Micro Tungsten Chod Bead Kit x 6

DROP OFF INLINE LEAD KIT

- Designed for use with all Fox inline leads
- Allows inline lead to eject from line when fishing snaggy or weedy venues
- Comes supplied with a tail rubber if you want to increase the amount of pressure required to eject the lead
- 5 inserts and 5 tail rubbers per kit

CAC487 Drop Off Inline Lead Kit x 5 Insert

HELI/CHOD BUFFER SLEEVE

- Designed for Chod rigs and Helicopter rigs when fishing with fluorocarbon or mono mainline straight through
- The swivel of your rig will sit on the thin, tapered sleeve, which will absorb the pressure when playing a carp and prevent the swivel damaging the line
- Small hole in the side allows you to set it up in a way that allows the lead to be ejected
- Trans Khaki colour
- 6 per packet

CAC490 Chod/Heli Buffer Sleeves x 6

TUNGSTEN CHOD BEAD KIT

- Allows anglers to tie a 'fixed' Naked Chod Rig on fluoro or mono mainline
- The bead itself grips the line very strongly but can be moved the distance above the lead you require
- The bottom sleeve, sits over the lead and can be setup in way to eject the lead on a take
- When you hook a fish the bead slides down the line and slots into the top of the sleeve to protect your line during the fight
- Supplied with 6 sleeves and 6 beads per kit

CAC488 Tungsten Chod Bead Kit x 6

BIG BORE DROP OFF INLINE LEAD KIT

- Designed with a larger bore for use with leadcore and larger diameter lead-free materials such as 60lb Edges Submerge
- Compatible with all Fox inline leads
- Allows inline lead to eject from line when fishing snaggy or weedy venues
- Comes supplied with a tail rubber if you want to increase the amount of pressure required to eject the lead
- 5 inserts and 5 tail rubbers per kit

CAC698 Big Bore Drop Off Inline Lead Kit

DROP OFF LEAD PLUG & PINS

- Simply place the plug over your swivel and secure in place with T peg
- No longer need to cut inline lead insert in half when using Edges Drop Off Inline Lead Kit
- Means anglers can convert their drop off inline lead setup back to a standard inline lead set-up should they wish to
- Designed to work with all Fox inline leads
- 10 plugs and 10 pins supplied per packet
- Feature Trans Khaki camouflage

CAC635 Drop Off Lead Plus & Pins

SAFETY LEAD CLIP TAIL RUBBER

- Trans Khaki Colour
- Designed for use with size 7 Safety Lead Clip
- Small cut away section allows easier ejection of lead
- 10 per packet

CAC478 Safety Lead Clip Tail Rubber

SAFETY LEAD CLIP

- Trans Khaki colour
- Designed for use with a size 7 swivel
- 'Self-aligning' swivel design, which means the eye of the swivel always sits in line with the hole in the lead clip
- Fixes to swivel with T-peg (supplied)
- Serrations on the lug allows for adjustable tension
- 10 per packet

CAC477 Safety Lead Clip & Pegs Size 7

SLIK® LEAD CLIP TAIL RUBBER

- Trans Khaki Colour
- Designed for use with size 10 Slik Lead Clip
- Small cut away section allows easier ejection of lead
- 10 per packet

CAC478 Safety Lead Clip Tail Rubber

SLIK® SAFETY LEAD CLIP

- Trans Khaki colour
- Smaller lead clip designed to work with size 10 swivels making them perfect for delicate presentations
- 'Self-aligning' swivel design, which means the eye of the swivel always sits in line with the hole in the lead clip
- Fixes to swivel with T-peg (supplied)
- No serrations on the lug ensures that the tail rubber slips off easily
- Perfect for weedy and snaggy venues where ejecting the lead on a take is vital
- 10 per packet

CAC479 Slik® Lead Clips & Pegs Size 10

POWER GRIP LEAD CLIP KIT

- Handy kit that includes everything needed for creating a lead clip setup
- Includes following Edges Trans Khaki products: Power Grip Tail Rubbers, size 7 Lead Clips with T pegs, standard Anti Tangle Sleeves
- Also supplied with both standard size 7 swivels and size 7 Kwik Change Swivels.
- Five of every component supplied in kit

CAC638 Power Grip Lead Clip Kit

POWER GRIP NAKED LINE TAIL RUBBER

- Tougher grip on lead clip for use with heavier leads
- Fine taper at rear of tail rubber for use with fluorocarbon leaders or fishing mainline straight through
- Helps to prevent hooklinks from tangling around the tail rubber
- Ideal for long rigs such as Zig Rigs
- Trans Khaki camouflage
- Designed for use with size 7 lead clips
- 10 per packet

CAC686 Power Grip Naked Line Tail Rubbers

NAKED LINE TAIL RUBBERS

- Fine taper at rear of tail rubber for use with fluorocarbon leaders or fishing 'naked' mainline straight through
- Helps to prevent hooklinks from tangling around the tail rubber
- Ideal for long rigs such as Zig Rigs
- Front of tail rubber features cut away section to aid lead ejection
- Trans Khaki camouflage
- 10 per packet

CAC636 Naked Line Tail Rubbers

POWER GRIP TAIL RUBBERS

- Designed for anglers that like to use heavy leads ensuring lead doesn't eject on impact with water after a cast but still ejects when comes into contact with snag/weed
- Designed to work with a size 7 Edges Lead Clip
- Trans Khaki camouflage
- 10 per packet

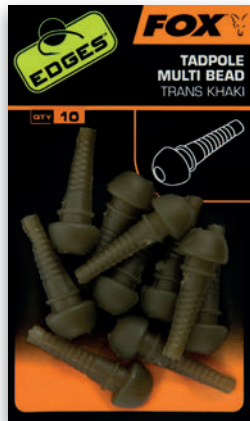

CAC637 Power Grip Tail Rubbers

TADPOLE MULTI BEAD

- Trans Khaki colour
- Perfect for creating semi-fixed running set-up with inline leads
- 10 per packet

CAC476 Tadpole Multi Bead

RUNNING SAFETY CLIP

- Features Trans Khaki camouflage
- Designed to allow you to create the perfect running rig presentation
- T-bar peg to lock the swivel in place inside main clip
- The clip is sculpted to allow the lead to hang straight for increased casting distance
- Tail rubber is designed to be used with both leadcore style leaders and tubing
- Kit includes a Run Ring and Speed Link so you can attach your lead of choice

CAC582 Running Safety Clips

ANGLED DROP OFF RUN RIG KIT

- Unique design that takes running rigs to another level
- Angled, large ring sits in perfect place to allow line to run through unhindered
- Can be set up to eject the lead when fishing weedy or snaggy venues
- Trans Khaki Camouflage
- Comprises 6 x Angled Clips, 6 x Angled Buffer Sleeves and 6 x T-Pegs

CAC600 Angled Drop Off Run Rig Kit x 6

TUNGSTEN ANTI TANGLE

- Designed to help prevent tangles occurring on the cast
- Added weight of tungsten helps to keep your hooklink pinned to the lakebed
- Available in standard and Micro sizes
- 8 sleeves per packet

CAC630 Tungsten Anti Tangle Sleeve Micro

CAC631 Tungsten Anti Tangle Sleeve Standard

RUN RING KIT

- Simple design to create a basic running rig
- Large ring for friction free movement
- Allows great bite indication
- Features 8 x Rings, 8 x Buffer Beads and 8 x Speed Links
- Features Trans Khaki camouflage

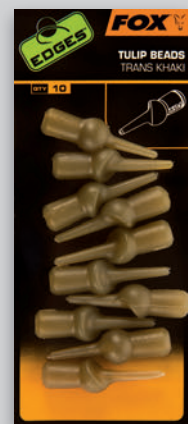

CAC583 Running Ring Kit

TULIP BEADS

- Perfect for use with running rigs
- Angled to allow lead to sit at optimum angle for tangle-free casts
- Can also be used as a buffer bead on marker float set up
- Trans Khaki camouflage

CAC599 Tulip Beads

TRANS KHAKI ANTI TANGLE SLEEVES

- Designed to help prevent rigs from tangling on cast
- Standard ideal for normal everyday rig presentations
- Micro sleeve available for solid PVA bag fishing
- XL sleeve ideal for use with long hooklinks such as Zig Rigs
- 25 per packet (Micro and standard); 15 per packet (XL)

CAC481 Anti Tangle Sleeves x 25

CAC555 Anti Tangle Sleeves Micro x 25

CAC554 Anti Tangle Sleeves X Large x 15

TUNGSTEN POWERGRIP® PUTTY

- Extremely dense
- Very easy to work with
- Perfect for counterbalancing pop-ups and pinning rigs to lakebed
- Widely regarded as best on the market

CAC541 Powergrip Putty

TUNGSTEN LINE GUARD BEADS

- Designed for use directly onto naked mainline
- Can be fixed up the line for use with Naked Chod Rigs (will slide down and sit on top of Heli Buffer Sleeve once a fish is hooked)
- Can also be positioned directly on top of a Heli Buffer Sleeve when fishing naked helicopter-style rigs
- Handy tapered side that your hooklink swivel sits on during the fight to keep mainline protected
- Tungsten content helps to sink them to lakebed
- Supplied on wire loop for easy loading to mainline
- 8 beads per packet

CAC671 Tungsten Line Guard Bead x8

TUNGSTEN HOOKLINK SINKERS

- Designed to mimic look for tungsten putty on hooklink
- Ideal for helping to pin your hooklink to lakebed
- Supplied on wire loop, 9 per packet

CAC585 Tungsten Hooklink Sinkers

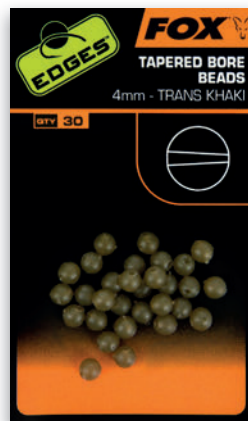

TAPERED BORE BEADS

- Available in 6mm and 4mm
- Feature Trans Khaki camouflage
- 4mm designed to grip leadcore when using Helicopter and Chod rigs
- 6mm beads perfect for acting as a buffer to protect knots
- 6mm beads can also be placed on silicone on a leader when using Chod and Helicopter rigs
- 30 beads per packet

CAC557 4mm Bore Beads x 30

CAC558 6mm Bore Beads x 30

BAIT FLOSS

- Designed for attaching hookbaits to rig rings and Mini Hook Ring Swivels
- Neutral colour
- Supplied in dispenser with built-in cutter
- 50m per spool

CAC512 Bait Floss 50m

TAPERED MAINLINE STOP

- Large tapered stop for use on mainline, which you can then place a 5mm Tungsten Bead onto when fishing Chod or Helicopter rigs 'naked' style
- Taper allows hooklink swivel to dislodge bead easier making it safer than conventional designs
- Supplied on wire loop, 9 per packet

CAC492 Tapered Mainline Stoppers x 9

5MM TUNGSTEN BEAD

- 5mm bead made from tungsten
- Designed to fit neatly onto the Tapered Mainline Stop
- 15 beads per packet

CAC489 Tungsten Bead 5mm x 15

BAIT BUNGS

- Designed to prevent a hookbait sliding down the Hair towards the hook
- Especially useful when using 'snowman' presentation to keep two baits next to each other on the Hair
- Simply slide onto the hooklink before tying the loop on the Hair
- Supplied on wire loops
- 10 Bungs per packet

CAC687 Bait Bungs

MARKER ELASTIC

- Red elastic supplied on a 20m spool
- Perfect for marking fishing lines to ensure accurate casting and bait placement
- Very easy to work with, grips the line without damaging it
- Easy to remove from line again without damaging it

CAC484 Marker Elastic 20m Red

ANTI BORE BAIT INSERTS

- Unique design that is pushed into base of hookbait to prevent Hair erosion
- Ideal for boilies and soft hookbaits such as meat
- Comes into its own when repeatedly casting out and reeling in
- Micro-serrations on tube ensure rock solid fit
- Can be cut down to fit smaller baits

CAC539 Anti Bore Bait Insert

HOOK SILICONE

- Designed for trapping Hair on shank of hook for blow back rigs
- Features Trans Khaki Camouflage
- Supplied in 1.5m lengths
- Two sizes available for different hook sizes – 10-7 and 6-2

CAC567 Hook Silicone 10 - 7

CAC568 Hook Silicone 6 - 2

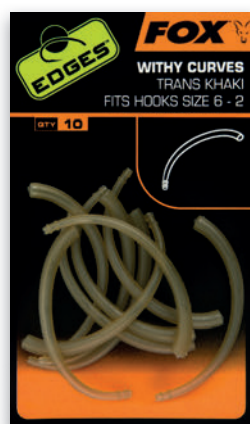

WITHY CURVES

- Pre-curved adaptor set at perfect angle for Withy Pool Rig
- Threads onto hooklink via splicing needle
- Features Trans Khaki camouflage
- Micro serrations on the end of the sleeve for tungsten putty to mould around to counter balance your pop-up hookbait
- No longer need to shrink tubing down over a kettle to create this all-time classic rig!
- 10 per packet

CAC561 Hook Size 10-7

CAC562 Hook Size 6-2

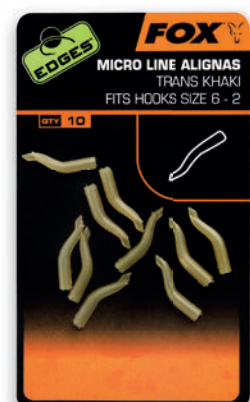

MICRO LINE ALIGNAS

- More refined version of the hugely popular Trans Khaki Line Alignas
- Ideal for anglers that wish to fish scaled-down, delicate presentations
- Eliminates need for shrink tube
- Helps to create perfect aggressive hooking angle
- Available in two sizes: 10-7 and 6-2
- 10 per packet

CAC633 Micro Line Aligna 10-7

CAC634 Micro Line Aligna 6-2

SILICONE SLEEVES

- 3mm bore in 25mm lengths
- Features Trans Khaki camouflage
- Perfect for numerous rig applications such as placing over Speed Links
- 15 lengths per packet

CAC571 Silicone Sleeves

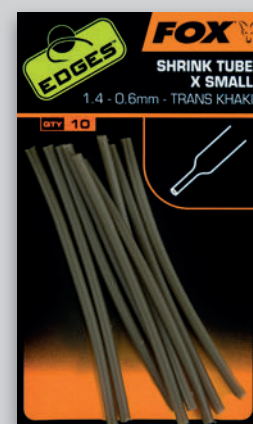

SHRINK TUBE

- Perfect for extending shank of hook when making anti-eject rigs
- Trans Khaki colour
- Available in three sizes: X Small (1.4-0.6mm), Small (1.8-0.7mm) and Medium (2.4-0.8mm)

CAC474 X Small - 1.4 - 0.6

CAC475 Small - 1.8 - 0.7

CAC570 Medium - 2.4 - 0.8

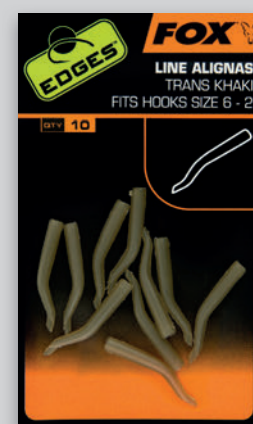

LINE ALIGNA

- Makes creating a line-aligner presentation easier than ever before
- Features Trans Khaki camouflage
- Simply slide an Aligna down your hooklink and over the eye of your hook
- Creates an aggressive hooking angle that carp find very hard to eject
- Two sizes available for different hook sizes – 10-7 and 6-2
- 10 per packet

CAC560 Hook Size 6-2

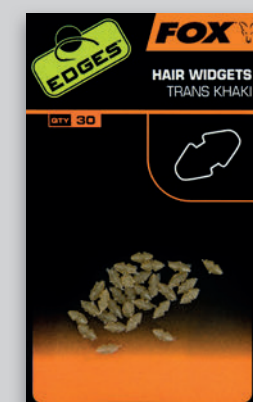

CAC559 Hook Size 10-7

HAIR WIDGETS

- Design to tightly grip shank of hook
- Enables Hair Rig to be created without tying knotless knot
- Simply tie a supple hair to the Hair Widget and position it in chosen place on hook
- Features Trans Khaki camouflage
- 30 per packet

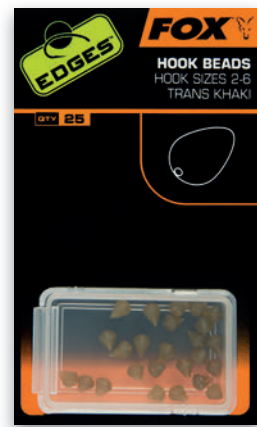

CAC556 Hair Widgets x 30

HOOK BEADS

- Trans Khaki Colour, 25 beads per packet
- Ideal for blowback presentation where a knotless knot isn't used
- Grip the shank of the hook very tightly
- Available in two sizes: 7-10 and 2-6

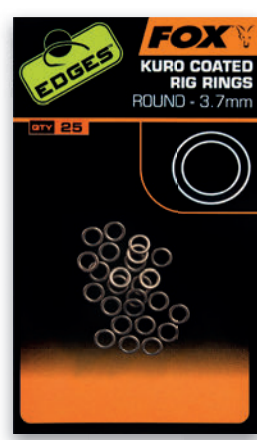

- CAC482 Hook Bead - Size 7-10
- CAC483 Hook Bead - Size 2-6

KURO RIG RINGS

- Perfect for a host of rig applications including creating Blowback Rigs
- Feature matt black Kuro coating
- Available in three sizes: Small (2.5mm), Medium (3.2mm) and Large (3.7mm)
- 25 rings per packet

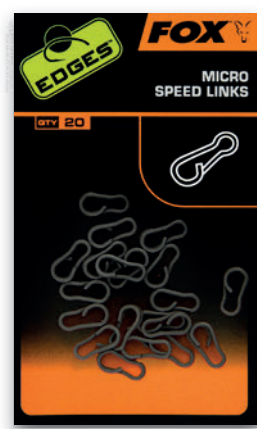

- CAC543 Kuro Rig Rings 2.5mm
- CAC544 Kuro Rig Rings 3.2mm
- CAC545 Kuro Rig Rings 3.7mm

MICRO SPEED LINKS

- Scaled down version of original Speed Link
- Designed to allow quick changing of rigs
- Can also be used for quick changing of items such as marker floats and spods
- 20 per packet

- CAC566 Micro Speed Links

MAGGOT CLIPS

- Designed for easy presentation of maggots on Hair Rigs
- Unique arrowhead shape to prevent maggots bunching up
- Feature chemically sharpened points with non-rust finish
- Available in four sizes: 6, 8, 10 and 12
- 10 clips per packet

- CAC524 Maggot Clips Size 6
- CAC525 Maggot Clips Size 8
- CAC526 Maggot Clips Size 10
- CAC527 Maggot Clips Size 12

HEAVY DUTY 'O' RING

- Designed for use when setting up helicopter and Chod rigs to eject the lead on the take
- Anti-glare finish
- 15 per packet

- CAC496 Heavy Duty 'O' Ring x 15

SPEED LINKS

- Designed to allow quick changing of rigs
- Can also be used for quick changing of items such as marker floats and spods
- Available in two sizes: standard and Micro
- 20 Speed Links per packet

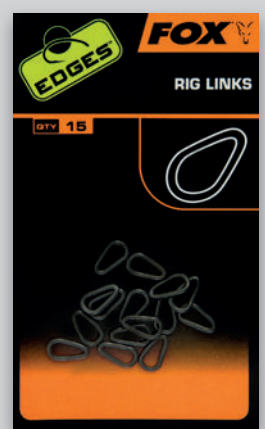

- CAC532 Speed Links x 20

RIG LINKS

- Designed to replace loop knots on end of rig
- Simply tie Rig Link to end of rig with a Grinner Knot
- Allows rigs to be changed in double-quick time
- Enables PVA sticks to be threaded down hooklink
- 15 per packet

- CAC542 Rig Links x 15

HAIR BRAID

- Designed to allow anglers to create super-supple Hair Rigs
- Discreet brown colour
- Perfect when using small, lightweight hookbaits
- Supplied in 10m lengths

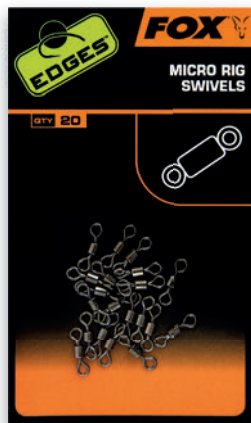

- CAC565 Hair Braid 10m

MICRO RIG SWIVELS

- Perfect for mounting hookbaits onto when using D-Rig presentations
- Ideal for Chod and Hinged Stiff-rigs
- 20 per packet

CAC538 Micro Rig Swivels x 20

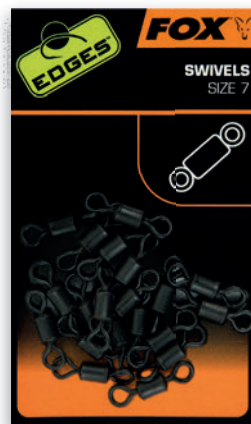

SWIVELS

- Perfect for a host of rig applications
- Anti-glare finish
- Available in two size: 7 and 10
- 20 swivels per packet
- Perfect for use with Edges Safety (size 7) and Slik (size 10) lead clips

CAC533 Swivels Size 7 x 20

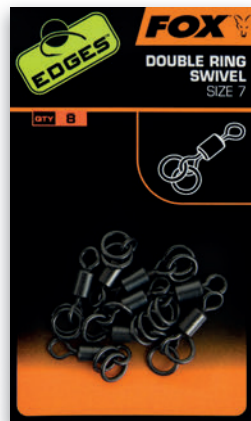

CAC534 Swivels Size 10 x 20

DOUBLE RING SWIVEL

- Perfect for anglers that fish inline drop off set-up but want to tie rig straight to swivel
- Size 7 swivel with anti glare finish
- 8 per packet

CAC495 Double Ring Swivel Size 7 x 8

KURO MICROHOOK RING SWIVELS

- Perfect for mounting hookbaits onto when using D-Rig presentations
- Gives hookbaits greater flexibility and 360° movement
- Matt black Kuro coating
- Ideal for a host of rigs including 360, Chod, Hinged Stiff and Multi Rig
- 10 per packet

CAC586 Kuro Micro Hook Ring Swivel x 10

KWIK CHANGE SWIVELS

- Available in size 7 and 10
- Allows rigs to be changed without cutting and retying knots
- Anti-glare finish
- Perfect for use with Edges Safety and Slik lead clips
- 10 per packet

CAC485 Kwik Change Swivels Size 7 x 10

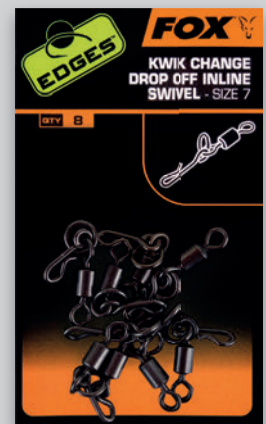

CAC486 Kwik Change Swivels Size 10 x 10

KWIK CHANGE DROP OFF INLINE SWIVEL

- Unique design for anglers who want to fish inline drop off but still have quick range facility with their rigs
- Size 7 swivel with anti glare finish
- 8 per packet

CAC494 Kwik Change Swivel Size 7

KWIK CHANGE 'O' RING

- Another design that is unique to the Edges range
- Designed for anglers that fish helicopter rigs but want to change hooklinks without cutting and tying knots
- Anti-glare finish
- 10 per packet

CAC493 Kwik Change 'O' Ring x10

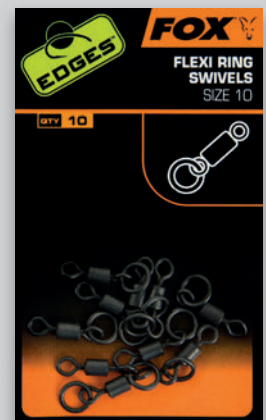

FLEXI RING SWIVELS

- Available in size 7, 10 and 11
- Anti-glare finish
- 10 per packet

CAC528 Flexi Ring Swivels Size 7

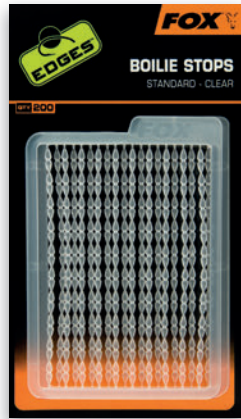

CAC609 Flexi Ring Swivels Size 10

CAC529 Flexi Ring Swivels Size 11

BOILIE STOPS

- Feature tapered ends for easy placing into Hair loop
- Small and discreet on top of boilie
- Clear colour
- Available in two size: Micro and Standard
- 200 boilie stops per packet

CAC592 Boilie Stops Micro
CAC593 Boilie Stops Standard

PELLET PEGS

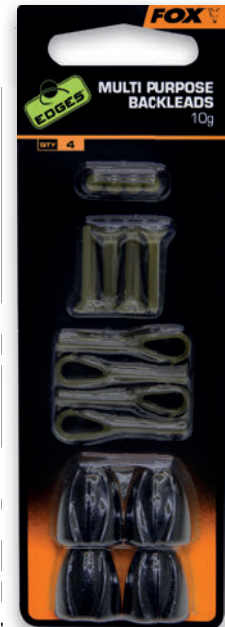

- Designed for securing pellets in place on Hair Rigs
- Low-vis clear colour
- Available in three sizes: 11mm (180 pegs), 13mm (134 pegs) and 21mm (50 pegs)

CAC519 11mm Pellet Pegs x 180
CAC520 13mm Pellet Pegs x 134
CAC521 21mm Pellet Pegs x 50

MULTI PURPOSE BACKLEAD

- Can be used as a quick-change flying backlead or converted into a traditional 'clip on' backlead.
- To change, simply remove the quick-change flying insert from the lead and replace with the 'clip-on' backlead insert by pushing it into the core, twist the insert once in place to ensure lead cannot come off
- If the 'clip-on' backlead should become snagged, it is designed to release from the line as the clip will spring open, releasing your line
- When used in flying backlead mode it has been designed not to fly too far back up the line like other makes currently do, this helps to ensure that the line closest to your rig will be pinned down
- Perfect for pinning your line to the lakebed when fishing for line-shy carp, also ideal when fishing on venues with boat traffic to keep the line out of harm's way
- Available in 3 sizes – 5g, 10g and 15g
- Each pack contains 4 x leads, 4 x flying backlead inserts and 4 x 'clip-on' backlead inserts

CAC653 Multi Purpose Backlead 5g
CAC654 Multi Purpose Backlead 10g
CAC655 Multi Purpose Backlead 15g

BOILIE CAPS

- Mini hook on base that pulls up into hookbait
- Makes it very hard for nuisance species to dislodge bait from Hair
- Small, clear cap almost disappears on top of bait
- 120 Boilie Caps per packet

CAC601 Boilie Caps

DOWN RIGGER BACKLEADS

- Unique backlead system that can be attached to mainline with one hand
- Available in two sizes: 21g and 43g
- Three backleads per packet

CAC312 Down Rigger Back Leads 21g x 3
CAC313 Down Rigger Back Leads 43g x 3

CAPTIVE BACK LEADS MK2

- Perfect for angler who wishes to keep their line concealed
- Patented line clip allows for smooth line release
- Heavier options allow you to fish with tighter lines for better indication
- Supplied on own winder
- Comes supplied with 10m highly-visual orange cord
- Cord freely dispenses from winder

CBW001 Captive Back Leads MK2 1.25oz / 35g
CBW002 Captive Back Leads MK2 2oz / 56g
CBW003 Captive Back Leads MK2 3oz / 85g
CBW004 Captive Back Leads MK2 4oz / 113g
CBW005 Captive Back Leads MK2 5oz / 142g

NEEDLE SET

- Five-piece needle set that features everything you need
- Comprises Stix & Stringer, Fine, Heavy, Gated and Splicing needles

CAC598 Needle Set

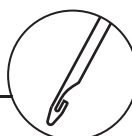

STIX & STRINGER NEEDLE

- Extra-long gate latch needle
- Ideal for creating PVA stringers
- Also suited to threading PVA sticks onto hooklinks

CAC523 Stix & Stringer Needle

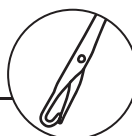

FINE NEEDLE

- Perfect for delicate hookbaits such as particles
- Also suited to soft, small 6-10mm boilies
- Soft-touch easy-grip, green handle

GATED NEEDLE

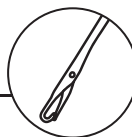

- Gate latch baiting needle for use with variety of hookbaits
- Also helpful for threading small PVA bags onto hooklink
- Soft-touch easy-grip, yellow handle

EASY SPLICE NEEDLE

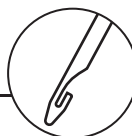

- Twisted stainless steel wire designed for splicing leadcore and lead-free leader materials as well as splicing Edges Camo-Splice hooklink material
- Diamond shaped for ease of use

SPLICING NEEDLE

- Fine gate latch needle for splicing leadcore and lead-free materials
- Can also be used as a baiting needle for small, soft, delicate hookbaits
- Soft-touch easy-grip, blue handle

HEAVY NEEDLE

- Perfect for tougher hookbaits such as boilies and nuts
- Soft-touch easy-grip, red handle

CAC588 Fine Needle

CAC522 Splicing Needle

CAC590 Gated Needle

CAC589 Heavy Needle

CAC699 Easy Splice Needle

KWIK CHANGE POP-UP WEIGHTS

- Pop-up counter weight system
- Easy to attach to hooklinks without causing any damage
- Weights simply attach to small silicone length that is supplied on dispensers
- Available as individual weights: BB, AAA, SA and Swan
- Six division dispenser also available featuring No.1, No.4, BB, AAA, SA and Swan

CAC513 Pop-Up Weights BB

CAC514 Pop-Up Weights AAA

CAC515 Pop-Up Weights SA

CAC516 Pop-Up Weights Swan

CAC518 Weights Dispenser

MULTI TOOL

- Handy device that features four tools in one!
- One end is a line stripper for removing outer coating from coated braids
- Tension hook on opposite end to stripper, which is used for tightening knots and straightening stiff materials
- Also features small D-Rig spike for opening out and creating a neat D shape

CAC587 Multi Tool

BRAID BLADES

- Super-sharp blades for effortless cutting of braided materials
- Also great for cutting materials like fluorocarbon, nylon and leader materials
- Hi-vis orange handle to prevent you losing them in the grass etc

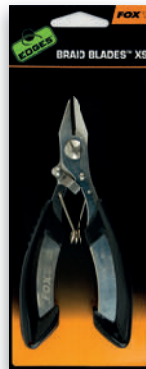

CAC563 Braid Blades

TENSION BAR

- Handy tool for tightening loops
- Also useful when straightening out boom sections on stiff-rigs
- Ergonomic grip

CAC510 Tension Bar

BRAID BLADES XS

- Saw-toothed blades designed to cut easily through all manner of materials including braid, nylon, stiff mono, fluorocarbon, leadcore and coated braid
- Razor-sharp
- Handy locking clip to keep them closed when not in use
- Fits neatly into your F Box tackle box

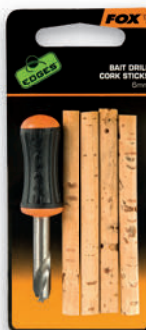

CAC563 Braid Blades

1MM MICRO DRILL

- Designed for drilling ultra-fine holes into hookbaits
- Allows you create a bore in a hard bait for your baiting needle
- Perfect for hard baits such as nuts, air-dried boilies and corkball pop-ups
- Ergonomically designed highly visual handle

CAC632 1mm Micro Drill

BAIT DRILL & CORK STICKS

- Small drill that is used to bore out hookbaits
- Ideal for baits such as boilies and tiger nuts
- Ergonomic handle on drill for easy use
- Supplied with 5 cork sticks (6mm) for inserting into baits to give them increased buoyancy
- 6mm Cork Sticks also available to purchase separately

CAC591 1.5mm Nut/Pellet Drill

CAMOTEX™ FLAT PEAR SWIVEL

- Low profile
- Large eye swivel
- Camouflage, anti-glare finish
- Perfect for short/medium range

CAMOTEX™ INLINE FLAT PEAR

- Features groove on outside for use with inline drop-off rigs
- Low profile
- Solid plastic insert
- Camouflage, anti-glare finish
- Perfect for short-medium range, or long range when fished inside solid PVA bag
- Inline leads feature hard, plastic inserts for use with size 7 swivels

CAMOTEX™ IMPACT INLINE

- Rig exits the lead from the centre to ensure the fish comes into contact with the full weight of the lead upon straightening the hooklink
- Unique design helps to set the hook and convert more pick-ups
- Perfect for short-medium range plus solid PVA bag fishing
- Features Camotex camouflage coating
- Available in three sizes – 3oz/85g, 4oz/113g and 5oz/142g
- Can also be fished inline drop off style in conjunction with Edges Drop Off Inline Kit

CAMOTEX™ SQUARE SWIVEL

- Perfect for fishing on slopes
- Offer great resistance when fish picks up rig
- Large eye swivel
- Camouflage, anti-glare finish
- Perfect for short-medium range

CAMOTEX™ SQUARE INLINE

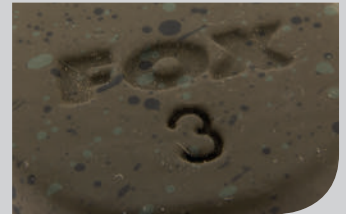

- Features groove on outside for use with inline drop off rigs
- Offers great resistance when fish picks up rig
- Solid plastic insert
- Camouflage, anti-glare finish
- Perfect for short-medium range or long range when fished inside solid PVA bag

CAMOTEX™ DISTANCE SWIVEL

- Perfect for casting long distances
- Aerodynamic profile
- Large eye swivel
- Camouflage, anti-glare finish

FEATURES

Weight imprinted on the lead itself

All swivels also feature camouflage coating

Hardwearing, anti-glare camouflage coating

Inline leads feature hard, plastic inserts for use with size 7 swivels

FLAT PEAR

- Dumpy, condensed shape
- Perfect for slopes and sides of bars
- Shapes offers great bolt effect
- Swivel and inline
- Brown and Green

TRI-BOMB

- Perfect all-rounder
- Weight forward design increases resistance
- Stable in flight
- Swivel and inline
- Brown and Green

PASTE BOMB

- Perfect for use with paste or Method mixes
- Increases attraction around hookbait
- Better hooking potential than traditional feeder
- Swivel and inline
- Brown and Green

KLING ON

- Unique to Fox
- Flat profile and pronounced studs give unrivalled grip on slopes
- Perfect for running water and long range boat fishing
- Swivel and inline
- Brown and Green

EXOCET®

- Weight forward design for long-range casting
- Very stable in flight
- Distances in excess of 200m achieved
- Swivel
- Brown and Green

ELEVATOR™

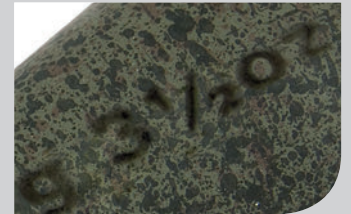

- Unique shape ideal for flowing water
- Three sided profile enable lead to lift off lakebed instantly and hit surface much quicker
- Swivel
- Brown and Green

HORIZON®

- Hexagonal shape makes lead perfect for distance casting
- Very stable in flight
- Flat sides help lead to hold bottom
- Swivel and inline
- Brown and Green

FEATURES

Weight imprinted on the lead itself

All swivel leads feature rubber coated swivels with large eyes

Rubberised coating gives non-reflective and durable camouflage coating

ZIG ALIGNA™ KIT

- 3 lengths of Zig Aligna HD Foam
- 6 Zig Aligna Sleeves
- 1 x Loading Tool

CAC467 Zig Aligna Kit (Black, Red, Yellow)

ZIG ALIGNA™ LOADING TOOLS

- Designed for loading foam into loop on back of Zig Aligna
- Hi-vis orange colour
- Two per packet

CAC506 Zig Aligna Loaded Tools x 2 Orange

ZIG ALIGNA™ HD FOAM

- Available in Red, Yellow and Black
- 3 lengths of foam per packet
- Ultra-buoyant

CAC471 Zig Aligna Foam x3 Red
CAC472 Zig Aligna Foam x3 Yellow
CAC473 Zig Aligna Foam x3 Black

ZIG ALIGNA™ SLEEVES

- Available in Red, Yellow, Fluoro Pink and Fluoro Orange
- 8 Zig Aligna Sleeves per packet

CAC468 Zig Aligna Sleeves x8 Red
CAC469 Zig Aligna Sleeves x8 Yellow
CAC665 Zig Aligna Sleeves x8 Fluoro Orange
CAC667 Zig Aligna Sleeves x8 Fluoro Pink

HALO® ZIG FLOAT KIT

- Perfect for deep lakes where conventional Zig Rigs are impractical
- Designed for use with leads of 3oz (85g) or heavier
- Ultra buoyant high impact plastic
- Supplied with interchangeable nose caps in red and black
- Kit includes float and lead boom with large-eye ring swivel, buoyancy bead and lead link attachment

CAC375 Halo Zig Float Kit *RRP £16.99

MINI HALO® ZIG FLOAT KIT

- Scaled down version of the standard Halo Zig Float Kit
- Ideal for smaller venues
- Interchangeable high visibility red and black nose cones
- Perfect for deep lakes where conventional Zig Rigs are impractical
- Ultra buoyant high impact plastic
- Kit includes float and lead boom with large-eye ring swivel, buoyancy bead and lead link attachment
- Works with leads as light as 2oz

CAC428 Mini Halo Zig Float Kit *RRP £14.99

ZIG ALIGNA™ BENEFITS

- Better hookholds and anti-eject properties** - Creates a much wider gape than a standard knotless knot or Zig Bug-style hook (no fluff or foam impeding hook point penetration), for much better hooking potential.
- Better hooking potential** - The Aligna allows your hookbait to sit centralised at all times - a downside with a knotless knot on light mono is that the Hair naturally wants to sit off to one side, which can lead to poor hook holds.
- Stronger more reliable knots can be used** - Allows you to attach your hook to your hooklink with a Palomar or Grinner Knot rather than a Knotless Knot, which are much stronger and also prevents the eye of your hook from rubbing on and weakening the hooklink when playing a fish.
- Far greater value for money** - Should your hook-point turn over you can simply slide the Aligna up your hooklink and attach a new hook - with Zig Bug-style hookbaits once the point has gone they have to be thrown away, which can get very expensive.
- Very versatile** - You can mix and match the colours of foam and Zig Aligna to create a whole host of hookbait colour options until you find the combo that works the best on any given day.
- Very quick and easy** - Changing of your hookbait is very quick to do, and swapping hookbaits is also very fast thanks to the unique loading tool
- Imitate shape of emerging larvae** - Most Zig Bug style hookbaits imitate creatures that live out of the water, which is a pretty pointless imitation as they are not natural! The shape of the Zig Aligna combined with a foam insert very much replicates the shape of a nymph with a thin curved body and a big head.
- Hi-Vis colour options** - The red, pink, white and yellow options allow you to create hi-vis hookbaits when single hookbait fishing or spodding a slop over the top.

MICRO MARKER FLOATS

- Perfect for feature finding and depth reading
- Ideal for short-medium range with leads up to 3oz (85g)
- Each pack contains three colours: yellow, black and orange
- Full kit option also available

		*RRP
CAC381	Micro Marker x3	£8.99
CAC382	Micro Marker Float Kit x3	£17.99

EXOCET® & DART MARKER FLOATS

- Perfect for feature finding and depth reading
- Constructed from high impact materials to make them robust and reliable
- Both available as float alone or as part of a kit, which includes 3 x flights, large eye ring swivel, anti-tangle boom and buoyancy aid
- Air cavity for extra buoyancy

		*RRP
CAC353	Exocet Marker Float	£9.99
CAC354	Exocet Marker Float Kit 3oz	£17.99
CAC355	Exocet Marker Float Kit 4oz	£18.99
CAC368	Dart Marker Float	£7.99
CAC369	Dart Marker Float Kit 2oz	£16.99
CAC370	Dart Marker Float Kit 3oz	£17.99

BOLT BUBBLE FLOATS

- First ever bubble-style float designed for surface feeding carp
- Streamlined, weight-forward design aids casting distance and also increases resistance when a fish straightens hooklink
- Anti-spook transparent body and low profile
- Casting weight adjusted by filling float with water
- Designed to be used in-line
- Supplied with two anti-tangle sleeves
- Available in four sizes: Small, Medium, Large and X-Large

		*RRP
CAC160	Bolt Bubble - Small	£8.99
CAC161	Bolt Bubble - Medium	£8.99
CAC162	Bolt Bubble - Large	£8.99
CAC163	Bolt Bubble - XL	£8.99

EXOCET® CONTROLLER FLOATS

- Aerodynamic design ensures not only long distances can be achieved but, accuracy too
- Hooklink exits the float at an angle on the cast, almost like a helicopter rig, which helps to reduce chance of tangles
- Stubby shape designed to reduce diving on impact with water
- Features flat faces to increase the bolt effect when a carp straightens the hooklink, which helps to improve hooking
- Flat sides also enable you to 'mend' your mainline on the surface without moving the float too much
- Removable body allows easy changing of controller sizes and also means you don't have the body banging against the rod blank when travelling to and from a venue
- Hi-viz cap easy to see at range
- Low-Viz semi-transparent body looks inconspicuous in water
- Supplied with Standard swivel and Kwik Change Swivel plus a Micro Anti Tangle Sleeve to go over either swivel
- Two sizes available - Medium and Large

		*RRP
CAC614	Exocet Medium Controller Float	£5.99
CAC615	Exocet Large Controller Float	£5.99

H-MARKER

- Designed for marking spots when boat fishing
- Bright orange for maximum visibility
- Ultra-buoyant
- Betalight slots
- Supplied with heavy lead weight to anchor to the lake/river bed
- Supplied with 20m (65ft) cord

		*RRP
CAC424	H-block Marker	£9.99

MINI H-BLOCK MARKER

- Handy mini version of our H-Marker for anglers that wish to angle with a little more stealth or use a bait boat
- Bright orange for maximum visibility
- Ultra buoyant
- Betalight slots
- Supplied with Swivel & Speed Link for easy lead attachment
- Supplied with 10m (32ft) cord
- Two per packet

		*RRP
CAC426	Mini H-blocks x 2 red	£8.49

IMPACT SPOD

- Designed for fast and effective baiting up with a host of different baits
- Boasts a number of unique features
- 'Scoop' body shape allows for rapid, single-handed loading
- Body and lid design allows for efficient loading as one scoop will fill the entire inner compartment
- Designed to have perfect weight distribution to aid casting distance and accuracy
- Scoop design enables tapered bait release for creating a wider spread of free offerings
- Designed to float so in the event of a 'crack off' it can be retrieved
- Robust hinge design that isn't impeded by bait
- Spring mechanism on nose is full encapsulated to prevent bait interference
- Heavy duty swivel that is moulded into flight

		*RRP
CAC639	Impact Spod Medium	£11.99
CAC640	Impact Spod Large	£13.99

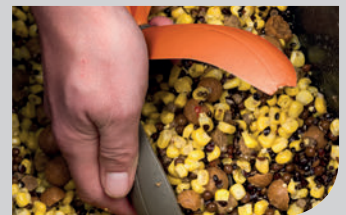

FEATURES

Robust hinge that cannot be impeded by bait

Spring mechanism on nose is encapsulated to prevent bait interference

The Impact Spod is sold under licence from Spomb Fishing Limited. SPOMB® is a Registered Trade Mark of Spomb Fishing Limited

GRAPPLING MARKER LEADS

- Unique design to aid your feature finding
- Features four prongs that will pick up traces of lakebed debris, weed and natural food items to enable you to establish exactly what you are fishing over
- Weight-forward design enables them to be cast a long way
- Dumpy nose ensures more of the lead is in contact with the lakebed so more vibrations are transmitted up the braided line to the marker rod tip
- Once you have identified a likely-looking spot with a normal lead simply swap to this design for a more thorough investigation
- Two leads per pack
- Available in three sizes – 3oz/85g, 4oz/113g and 5oz/142g

		*RRP
CLD229	Grappling Marker Lead 3oz (85g) x 2	£6.49
CLD230	Grappling Marker Lead 4oz (113g) x 2	£6.79
CLD231	Grappling Marker Lead 5oz (142g) x 2	£6.99

MARKER STICKS

- 24ins (60cm) long sticks for measuring distance to enable accurate casting
- Hi-vis, tapered orange tops with betalight slot in top
- Lightweight aluminium construction
- Two sticks supplied per pack

		*RRP
CAC616	Marker Sticks 24" x 2	£10.99

Rangemaster

RANGEMASTER® PLASTIC THROWING STICKS

- Designed for baiting up with boilies at mid-long range
- Constructed from lightweight, flexible plastic that is very robust
- CAD designed shape for maximum distance
- Non-slip rubber handle
- Available in 20mm and 26mm options

		*RRP
CAC672	Rangemaster 20 Throwing Stick	£16.99
CAC673	Rangemaster 26 Throwing Stick	£16.99

RANGEMASTER® R20 CARBON THROWING STICK

- Lightweight carbon construction
- Handy loading port above handle for effortless loading and faster more accurate baiting
- Reduces arm ache associated with metal and plastic sticks when mass baiting
- Handle is oval-shaped to prevent twisting in the hand, which in turn aids accuracy

- Distances over 150m achieved in right hands
- For use with baits up to 20mm
- Supplied in protective case

		*RRP
CAC608	Carbon R20 Throwing Stick inc. case	£84.99

Rangemaster® R20 Carbon Throwing Stick supplied in protective case

CAMO SQUARE BUCKETS

- Available in 5 litre, 10 litre and 17 litre
- Perfect for spod mixes, maggots and groundbaits
- Square design makes them much more barrow-friendly than a more conventional round bucket
- Easier to stack and also easier to store in your car
- Extra strong metal handle

		*RRP
CBT005	Camo Square Bucket 5L	£5.99
CBT006	Camo Square Bucket 10L	£7.99
CBT007	Camo Square Bucket 17L	£9.99

CASTING FINGER STALL

- Unique ambidextrous design so will suit both left and right-handed casters
- Soft protective material on finger that is more sensitive than traditional leather finger stalls enabling better 'feel' when casting
- Quick-drying material

		*RRP
CAC572	Casting Finger Stall	£7.99

RANGEMASTER

RANGEMASTER® POWERGUARD® METHOD POUCH

- Curved ergonomic handle for increased comfort and control - curve in handle corrects for, and prevents the need for, wrist flexion when baiting
- Features patented knuckle defender
- Swing Head fixings help to prevent elastic from twisting
- Moulded Method pouch prevents groundbait ball from being crushed when under tension
- Textured rubber grip on pouch
- One-piece monocoque polymer frame
- 'Teardrop' profile on handle to prevent twisting in the hand when in use, which aids accuracy

- Sculptured finger grips for greater comfort and control
- Non-tear material on pouch
- Spare elastics, pouches and elastic connectors available separately

		*RRP
CPT027	Method Pouch Catapult	£15.99
CPT028	Spare Elastic & 2x Connectors	£5.49
CPT030	Spare Method Pouch & 2x Connectors	£7.49

RANGEMASTER® POWERGUARD® MULTI POUCH

- Curved ergonomic handle for increased comfort and control - curve in handle corrects for, and prevents the need for, wrist flexion when baiting
- Features patented knuckle defender
- Swing Head fixings help to prevent elastic from twisting
- Textured rubber grip on pouch
- One-piece monocoque polymer frame
- 'Teardrop' profile on handle to prevent twisting in the hand when in use, which aids accuracy
- Deep conical pouch, for optimum baiting loads and accuracy

- Non-tear material on pouch
- Pouch has non-slip grip for easier use with wet hands
- Multi-purpose pouch that is ideal for a wide variety of baits including boilies, particles and pellets
- Spare pouches and elastic connectors available separately

		*RRP
CPT026	Multi Pouch Catapult	£15.99
CPT028	Spare Elastic & 2x Connectors	£5.49
CPT029	Spare Multi Pouch & 2x Connectors	£7.49

RANGEMASTER® POWERGRIP METHOD POUCH

- Curved ergonomic handle for increased comfort and control - curve in handle corrects for, and prevents the need for, wrist flexion when baiting
- Moulded Method pouch prevents groundbait ball from being crushed when under tension
- Textured rubber grip on pouch
- One-piece monocoque polymer frame
- 'Teardrop' profile on handle to prevent twisting in the hand when in use, which aids accuracy
- Sculptured finger grips for greater comfort and control
- Wide elastic connections for improved elastic flow through frame with reduced tangling
- Non-tear material on pouch

		*RRP
CPT025	Method Pouch Catapult	£13.99

RANGEMASTER® POWERGRIP MULTI POUCH

- Curved ergonomic handle for increased comfort and control - curve in handle corrects for, and prevents the need for, wrist flexion when baiting
- One-piece monocoque polymer frame
- 'Teardrop' profile on handle to prevent twisting in the hand when in use, which aids accuracy
- Sculptured finger grips for greater comfort and control
- Wide elastic connections for improved elastic flow through frame with reduced tangling
- Deep conical pouch, for optimum baiting loads and accuracy
- Non-tear material on pouch
- Pouch has non-slip grip for easier use with wet and cold hands
- Multi-purpose pouch that is ideal for a wide variety of baits including boilies, particles and pellets

		*RRP
CPT024	Multi Pouch Catapult	£13.99

NEW

Boilie Baiting Spoon

Large Baiting Spoon

Particle Baiting Spoon

Mini Baiting Spoon

Distance Baiting Spoon

BAITING SPOONS

- Five models of Bait Spoon now available
- Distance – ideal for use with long handle for baiting at range
- Slots allow liquid drain-off on Distance model
- Large - perfect all-rounder for variety of baits including boilies and pellets
- Mini - ideal for loading Impact Spods and Spombs, loading bait boat hoppers, for mixing up ingredients and controlled baiting when only small quantities are needed
- Boilie – as name suggests perfect for baiting with boilies
- Particle - features slots for liquid drainage making it perfect for use with particles
- Super-strong lightweight moulded design
- Supplied with screw-on knurled aluminium handle that includes hand cord

		*RRP
CTL001	Boilie Baiting Spoon	£15.99
CTL002	Mini Baiting Spoon	£13.99
CTL003	Particle Baiting Spoon	£15.99
CTL004	Large Baiting Spoon	£15.99
CTL005	Distance Baiting Spoon	£11.99

NEW

EDGES® ARMA® MESH SYSTEMS

- Perfect material for creating alternative hookbaits that are normally very tricky to present on a Hair Rig
- Ideal for baits such as bread, sweetcorn, paste, prawns, cheese, mini pellets etc
- Can also be used to protect boilie hookbaits from nuisance species
- Available in Narrow 14mm and Wide 22mm
- Supplied with moulded loading tube and plunger
- 7m of mesh per dispenser

		*RRP
CAC715	Arma Mesh Narrow 14mm x 7mm	£9.99
CAC716	Arma Mesh Narrow 22mm x 7mm	£9.99

HIGH RISERS

- Biodegradable, fish-safe and totally water-soluble foam nuggets
- Designed to give you perfect tangle-free presentation
- The foam keeps your rig suspended from the lakebed for a few seconds before it dissolves leaving your hooklength to sit perfectly over any debris
- Jumbo Refill Pack also available

		*RRP
CAC358	Risers Pop-up Foam	£4.99
CPV042	High Riser Jumbo Refill	£4.25

IDEAL FOR...

Bread

Sweetcorn

Pellets

PVA STRIPS

- Designed for use with Chod/Heli Buffer Sleeve, Heli Buffer Sleeve and Angled Drop Off Run Rig Kit when wanting the lead to eject
- Small PVA strip threading into hole on sleeve and is cut down to size
- Melt time depends on water temperature
- 10 lengths supplied per packet

		*RRP
CPV047	Edges PVA Strips x 10pc	£3.75

NEW

SOLID PVA BAG BENEFITS

- ✓ Rig cannot tangle on cast
- ✓ Rig will be presented effectively over pretty much any lakebed
- ✓ Aerodynamic so can be cast a long way and also very accurately
- ✓ Allows your hookbait to sit right in amongst a highly attractive pile of bait

EDGES® RAPIDE™ LOAD PVA BAG SYSTEM - FAST MELT

- Eliminates the need for PVA tape to tie the solid PVA bag
- Makes tying a solid PVA bag easier than ever before
- Use the unique tool to fill the PVA bag and tie it too
- Two sizes of loading tool available: Large and Small
- Large tool works with 3 different sized PVA bags: 85mm x 140mm, 75 x 175mm and 85mm x 220mm
- Small tool works with 2 sizes of bag: 55mm x 120mm and 60mm x 130mm
- Supplied with Orange loading tool, Black locking collar, 25 Fast Melt PVA bags (20 for 75mm x 175mm and 85mm x 220mm)
- Supplied in a handy plastic moulded tube to keep everything dry and organised
- System available in Fast Melt only
- Fast Melt and Slow Melt Refills available separately

Use the unique tool to fill the PVA bag

		*RRP
CPV048	55mm x 120mm Bags	£8.99
CPV049	60mm x 130mm Bags	£8.99
CPV050	85mm x 140mm Bags	£8.99
CPV051	75mm x 175mm Bags	£8.99
CPV052	85mm x 220mm Bags	£8.99

Makes tying a solid PVA bag easier than ever before

EDGES® RAPIDE™ LOAD PVA BAG REFILLS

- Available in 85mm x 140mm, 75 x 175mm and 85mm x 220mm to fit large loading tool
- Also available in 55mm x 120mm and 60mm x 130mm to fit small loading tool
- Available in Fast Melt for winter use or in shallow water
- Slow Melt options also available for summer use or in deep water
- The Slow Melt bags are increased micron meaning they are thicker and more robust
- Refill bags feature actual sized 2D image on front that represents the perfect size of bag they can make
- 25 bags in 85mm x 140mm, 55mm x 120mm and 60mm x 130mm
- 20 bags in 75mm x 175mm and 85mm x 220mm

		*RRP
CPV053	Fast Melt 55mm x 120mm Refills	£3.25
CPV054	Fast Melt 60mm x 130mm Refills	£3.25
CPV055	Fast Melt 85mm x 140mm Refills	£3.25
CPV056	Fast Melt 75mm x 175mm Refills	£3.25
CPV057	Fast Melt 85mm x 220mm Refills	£3.25

		*RRP
CPV058	Slow Melt 55mm x 120mm Refills	£3.49
CPV059	Slow Melt 60mm x 130mm Refills	£3.49
CPV060	Slow Melt 85mm x 140mm Refills	£3.49
CPV061	Slow Melt 75mm x 175mm Refills	£3.49
CPV062	Slow Melt 85mm x 220mm Refills	£3.49

NEW

EDGES® PVA MESH SYSTEM

- Highest quality anti-ladder PVA mesh
- System comes supplied with 7m of mesh, loading funnel and a moulded plunger
- Three sizes available: Stix 14mm, Narrow 25mm and Wide 35mm
- Available in Fast Melt for winter use or in shallow water
- Slow Melt options also available for summer use or in deep water
- Supplied in a handy plastic moulded tube to keep everything dry and organised

			*RRP
CPV063	PVA Mesh 7m Fast Melt 35mm Wide	£9.99	
CPV064	PVA Mesh 7m Fast Melt 25mm Narrow	£9.99	
CPV065	PVA Mesh 7m Fast Melt 14mm Stix	£9.99	
CPV072	PVA Mesh 7m Slow Melt 35mm Wide	£9.99	
CPV073	PVA Mesh 7m Slow Melt 25mm Narrow	£9.99	
CPV074	PVA Mesh 7m Slow Melt 14mm Stix	£9.99	

EDGES® PVA TAPE

- Dissolvable tape that is perfect for a host of applications such as creating PVA stringers and tying off solid PVA bags
- Available in Fast Melt for winter use or in shallow water
- Slow Melt options also available for summer use or in deep water
- 20m of tape on Slow Melt, 40m of tape on Fast Melt

			*RRP
CPV081	PVA Tape Slow Melt 10mm x 20m	£3.99	
CPV082	PVA Tape Fast Melt 5mm x 40m	£3.99	

EDGES® PVA MESH REFILLS

- Highest quality anti-ladder PVA mesh
- Designed for refilling your Edges PVA Mesh System
- Three sizes available: Stix 14mm, Narrow 25mm and Wide 35mm
- Available in Fast Melt for winter use or in shallow water
- Slow Melt options also available for summer use or in deep water
- Available in two length options: 5m and 20m

			*RRP
CPV066	5m Fast Refill 35mm Wide	£4.99

SPOMB™

THE SPOMB™ LARGE

- Patented design allows content of Spomb to be released instantly upon impact with the water's surface
- Eliminates 'spod spill' - once loaded and shut you will lose no bait on the cast
- Aerodynamic design allows for accurate baiting at range even in strong winds
- Fast and easy retrieve with the opened Spomb gliding effortlessly across the top of the water with little to no resistance
- Perfect for baiting with large quantities very quickly

- The design is very versatile as it can be used with all manner of different baits including pellets, boilies, hemp, groundbait balls, corn, dog biscuits, maggots, meat, bread and particles
- Designed for use with purpose-made spod/Spomb rods
- Available in both Black and White

		*RRP
CSM001	Large Spomb Black	£13.99
CSM002	Large Spomb White	£13.99

THE SPOMB™ MIDI

- A smaller version of the original Large Spomb that can be cast with normal fishing rods of a lower test curve than that of a spod rod
- Patented design allows content of Spomb to be released instantly upon impact with the water's surface
- Eliminates 'spod spill' - once loaded and shut you will lose no bait on the cast
- Aerodynamic design allows for accurate baiting at range even in strong winds
- Fast and easy retrieve with the opened Spomb gliding effortlessly across the top of the water with little to no resistance

- The design is very versatile as it can be used with all manner of different baits including pellets, boilies, hemp, groundbait balls, corn, dog biscuits, maggots, meat, bread and particles
- Ideal for baiting at extreme range, for feeding on a little and often basis or use on a lighter test curve rod than that of a conventional spod rod
- Available in both Black and White

		*RRP
CSM003	Midi Spomb Black	£12.99
CSM004	Midi Spomb White	£12.99

THE SPOMB™ MINI

- This model complies with various fishing competition rules across the globe that often state that a baiting product cannot exceed 50mm in diameter or are restricted in length
- Can be cast with any rod - maximum weight when fully loaded is 3oz (85g)
- Ideal for baiting with a minimal amount of feed
- Keeps disturbance to a minimum
- Patented design allows content of Spomb to be released instantly upon impact with the water's surface
- Eliminates 'spod spill' - once loaded and shut you will lose no bait on the cast

- Aerodynamic design allows for accurate baiting at range even in strong winds
- Fast and easy retrieve with the opened Spomb gliding effortlessly across the top of the water with little to no resistance
- The design is very versatile as it can be used with all manner of different baits including pellets, boilies, hemp, corn, dog biscuits, maggots, meat, bread and particles
- Available in both Black and White

		*RRP
CSM005	Mini Spomb Black	£10.99
CSM006	Mini Spomb White	£10.99

FEATURES

Patented design allows instant release upon impact with the water surface

Aerodynamic design for accurate baiting

Can be used with a variety of baits

Spomb floats thread onto the rear of the Spomb to prevent sinking

THE SPOMB™ FLOATS

- Designed to thread onto rear of Spomb
- Prevents Spomb from sinking, so they can be retrieved if your line breaks
- Streamlined design to ensure minimal reduction on maximum casting distance
- Two per packet - 1x Red and 1x White/Black

		*RRP
CSM007	Spomb Floats x2	£1.49
